

OFFICE OF THE PRINCIPAL, S.D. WOMEN'S COLLEGE, RAJGANGPUR

NOTICE

NO 1068/SDWC

DATE: 03.08.2023

This is for the information of all stakeholders of the college that, as we have already conferred to ENERGY MANAGEMENT SYSTEM to get ISO 50001 Certificate, following measures are taken to attain our objective to reduce 5% energy consumption for the session 2023-24.

MEASURES

1. No student is allowed to bring Mobile charger inside the college Campus and plug in to college Electric board. Violation of this will lead to seizure of Mobile and Penalty as deemed fit.
2. Faculties are requested to create awareness among students and themselves for rational use of Energy inside the classroom, Campus and Hostel.
3. Members of EnMS Team are empowered for regular visit inside the campus to attend the Target.
4. Switch off all the electrical gadgets before leaving the classroom
5. Do not switch on all fans and lights unless and until required and make a rational use of power.
6. Closure /sealing of all three pin points in all classrooms
7. A group of volunteers of Team EnMS with batch as well as faculty will monitor and create awareness inside the campus and Hostel.
