

**ENERGY MANAGEMENT SYSTEM  
COMPETITION PROGRAM  
TEAM EnMs, SDWC, RAJGANGPUR**

The Energy Management system Team organized various competitions on 20/07/23 to create awareness among the students. The Essay Writing and Debate competitions was held on the topic **Best out of Waste**, All the competition encourages and enhances skill to conserve and proper utilization of energy and resources.

In best out of Waste Competition students made bags, decorative items, dolls etc. using Waste product which is a great initiative for reuse of resources. Ketaki Ka(Home science) got 1st position, Namita Bhoi (Botany )2nd and Avantika Kerketta and Swati Jena got 3rd position.

In Eassy Writing Competition Theme was 'Energy Conservation' and students explained beautifully how we can save our plant by doing several simple steps.In this competition Prachi Sunani (Education) got 1st position, Namita Sa(Botany) 2nd and Archana Tripathy.

In Debate competition theme was 'Technology is boon or curse for the world '. Students gave their different opinions and innovative ideas how to reduce energy consumption and alternative method for this. In this competition Chandrika Lakra (Odia) got 1<sup>st</sup>, Vanshika Khatri (Education) 2<sup>nd</sup> and Turleen Hemrom (History) got 3<sup>rd</sup> position. Main objective of this competition is to create awareness among the students regarding Energy conservation
